CAMERON, MILAM COUNTY, TEXAS, THURSDAY, AUGUST 4, 1949

NUMBER 18

FIRST BALE 1949 COTTON GINNED HERE

NEW HIGHWAY MAIL SERVICE

BIDS WILL BE TAKEN ON WACO TO CAMERON

Cameron will get highway postal service between Waco and Yoakum when the Texas & New Orleans Railroad Company, takes off its passenger train.

J. R. Hays, Postmaster, was working out details with Alec Potchernick, representing the railway and superintendent of mails for the division with headquarters in San Antonio.

Mr. Hays says that bids will be received for a contract to carry the mail by truck from Waco to Cameron. He has the forms on hand and local people who may be interested may place a bid.

It is pointed out that the contract to be let now will be only temporary. Eventually the government will conclude a long range agreement as they do with the railroads.

For the present the railroad will not carry the mails.

The government postal service will start operating trucks if no contract is concluded before the train is discontinued. Mr. Hays says the train will be taken off on August 10 or August 14. At that time a truck service will be ready to deliver the mails, either the government or private individual.

The contract to be concluded will arrange for the truck service from Waco to Cameron and back to Waco. Another contract will be arranged to carry the mail from Cameron to Giddings and return. It was possible that Cameron could be made a terminal point for the southern extension of the route but Waco would be the terminal for the Cameron to Waco service since the trucks would have to originate their service in Waco and return at night.

Highway hazards were definitely in the picture. Mr. Hays says there are 3 bridges between Cameron and Waco that will not pass inspection. The truck unit to carry this mail service will have to be about 27,000 pounds. Signs read 10,000 pounds limit. The importance or rebuilding Highway 77 cannot now be overestimated.

Mr. Hays believes that eventually the postal service may be improved when the contracts are let on a permanent basis and highways are improved. The minimum requirement will be a ton and half truck.

Just what chance an individual may have is not known but at least it is open temporarily. It is a pretty safe bet that eventually the railway company will have the contract.

RESIDENCE BUILDING CONTINUES IN CITY

Building permits for July in the city of Cameron totaled \$11,825.00 according to W. H. Stafford, city secretary who records the permits under city law.

Mr. Stafford said the breakdown of the permit totals would show that there are two residences and the remainder would be for repairs. Under the city ordinance any repair or construction job amounting to more than \$100 a permit must be obtained.

Included in the totals for July are two residences, one for \$4000 and the other for \$3000. Both are small homes.

The only business house under construction here now is the new home for the Cameron Seed where Walter Lester is making a modern place to do business.

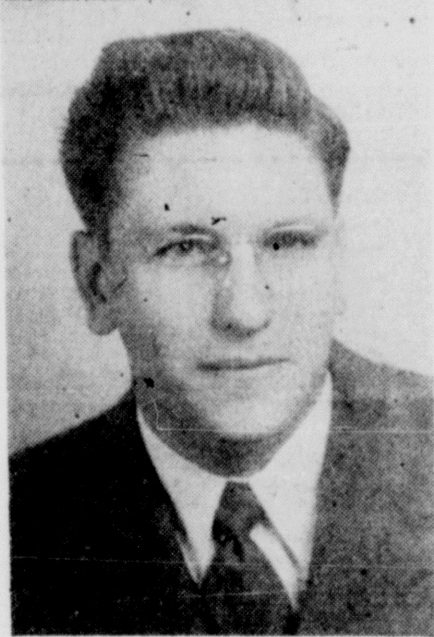

Construction totals have been largely in the residential areas of the city for the past year or more. The city's population is increasing and it is estimated that the town now has around 7500 to 8000.

There are around 2000 light meters in the city at this time and the number is increasing.

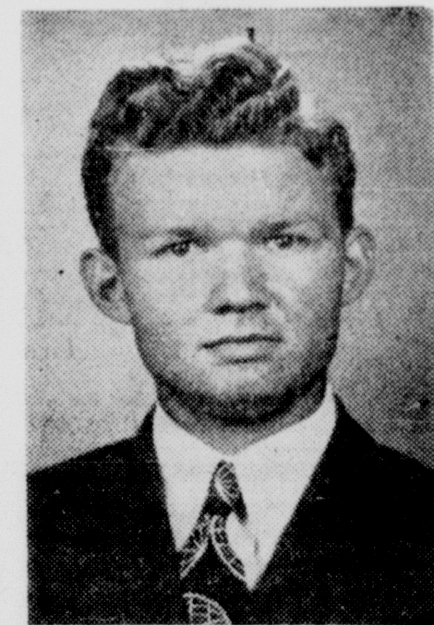

Mrs. Pope Sapp is visiting her son, Clayton Sapp in Corpus Christi this week.

5 INDICTMENTS RETURNED

Pastor

ADRIAN W. COLEMAN
Singer

GEORGE LOZUK

Marlow Baptist To Begin Revival On Sunday, August 7th

The Marlow Baptist Church will begin a revival meeting Sunday morning. The revival runs from August 7 to 21 with the pastor, Adrian W. Coleman, doing the preaching and with Rev. George Lozuk of Manor doing the singing.

There will be services nightly for the two weeks with services beginning at 8:00. There will be prayer services each night before the services. There are cottage prayer groups meeting in homes this week in preparation for the meeting.

The pastor and preacher for the revival is a graduate of Baylor University and has been pastor of the Marlow Church for one year having previously been pastor of the Webberville Baptist Church, Austin. Rev. Lozuk is presently pastor of the Manor Baptist Church and is a graduate of Baylor. He is experienced in this line of work.

The revival closes with homecoming and dinner on the ground. The public is cordially invited to attend all services and also the homecoming dinner on the ground.

County Expected To Agree to Pay \$1875 For 6 Acres Land

Milam county was expected to agree to pay \$1875 for 6 acres of land on Highway 77 near Burlington.

Under the procedure if the findings of the special board is not protested in 10 days the transaction may be said in order.

Mrs. Catherine Witt asked \$3375 for the land required through her property for the new right of way on 77. The board named after suit had been filed to condemn the land fixed the value at \$1875.

Since there has been no protest filed by Mrs. Witt nor the county it was presumed the final barrier on Highway 77 would be removed.

5 INDICTMENTS ARE VOTED BY GRAND JURY

Two indictments for murder with malice aforethought were returned here late Thursday by the Grand Jury in District court in addition to three other bills involving felony theft and cattle stealing charges.

Ed Gunn, county attorney, said late Thursday the jury competed its work in 2 days and 20 witnesses had been heard in one case, a Gause murder.

Giles Jordan, 45 year old Gause white man, is under indictment for murder in connection with the unexplained shooting of Ferrias Ferguson, 39 year old Gause negro. In this case County Attorney Gunn said a large number of witnesses had been heard, most of them eye witnesses to the killing. Ferguson was shot to death as he emerged from a store in Gause on the morning of July 18. He was employed by the Missouri-Pacific railroad.

W. A. Matfield, 69 year old Cameron carpenter, was indicted for murder with malice aforethought for the pistol slaying of his 60 year old wife on Wednesday evening, July 20. Minnie Elizabeth Hatfield was shot four times with a 45 calibre colt pistol as she prepared a meal for her husband who had been away from the home 16 days because they had quarreled. Their lives had run the gauntlet of domestic storms, both having been married twice. Mrs. Hatfield was the mother of 10 children, all by her first marriage with Hatfield.

Hatfield is in the Milam county jail and has indicated he will not seek his liberty. On the other hand he has repeatedly said he wants a speedy trial.

L. C. Jenkins was indicted for felony theft in connection with an automobile transaction with the Gauthier Motor Company in Rockdale.

Joe Sheppard, Sr., of Thorndale, was indicted on two counts for theft of cattle from W. A. Gamble who lives near Thorndale in Milam county.

W. E. Thomas, former justice of peace at Milano, served as outer door bailiff and Leo O'Neill was inner door bailiff.

At the request of County Attorney Gunn the court retained the services of C. E. Bishop, court reporter from Bell county, to take testimony

Election Managers Hear About New Law For Ballot Safety

Election managers named by the Commissioners Court for the year and for school tax elections, were here Friday morning to hear Judge Dan Tyson and others explain the provisions of the new ballot safety laws.

Special school tax elections are being held at this time under the Gilmer-Aikin minimum standards law and the same provisions on ballot apply as in political contest elections and general elections.

Emory B. Camp who has drawn papers for a number of elections explain the provisions of the new law. Ballots have a perforated stub that is numbered, with a corresponding number on the ticket. This stub is deposited in a special box and must be retained for 60 days by the District clerk.

It was necessary for the county to purchase 96 of these boxes because stubs have to be retained 60 days after an election.

Democratic primary election officials have been using the same boxes and if the county permits will not have to purchase their own. In case primary election officials buy their own boxes the cost will have to be assessed against candidates.

Chas. M. Hicks, county superintendent, explained the tax provisions of the Gilmer-Aikin bills.

EQUALIZED TAX UNDER NEW LAWS NECESSARY

School tax elections are being held in Milam county, beginning Saturday, July 30. In all some 9 districts are soon to ballot under the tax equalization demands of the Gilmer-Aikin minimum standards legislation.

These tax elections are necessary not only in newly formed districts but in districts where local schools are still maintained and where their tax does not meet the estimated 61c minimum.

Some of the districts are having to hold a second election since consolidations recently added territory that was not included in the district at the time the last tax elections were held. Among these districts are Rockdale and Milano.

Cameron Independent School District will have to call an election to equalize taxes in a portion of the Minerva district which has been consolidated with Cameron.

Time was important since the provisions of the new minimum standards law are effective with the coming September term.

A new directive has just been received and called to the attention of school trustees in the common districts. Every district must have at least a minimum tax of 61c as estimated. Unless they do children cannot be given bus service nor can they be properly enrolled in case they transfer to another school.

This provisions alone dictates that every district in the county with a maintenance tax of less than 61c will have to vote for tax if they are to get uniform advantages for their children.

Burlington Mail By Star Route; Starts Sunday, August 14th

Burlington will get its mail by Star Route beginning Sunday, August 14 it is announced by Walter G. Marek, Postmaster.

Change in the delivery is caused by the removal of the passenger train from the Texas & New Orleans Railroad, effective August 14.

The new delivery will be by Star Route out of Waco and will terminate at Cameron.

Alec Potchernick, superintendent of mails for the T. & N. O. was in Burlington last week to discuss with Postmaster Marek the new arrangement. He advised that the mail will arrive in Burlington about 8 a. m. each day which is about two hours ahead of the present schedule.

Patrons along the route may receive their Sunday mail by coming to the office between 8:00 a. m. and 9:00 a. m. Sunday morning, said Mr. Marek.

The Dr. Swifts Are On Way to West Coast

Dr. and Mrs. Clifford Swift left Cameron Sunday for a vacation trip to San Francisco, California. They expect to be away from their home in this city from 10 to 15 days.

They are traveling by rail over the Santa Fe. It will be the second such vacation trip in the past 3 years they have made to California.

Temple Offers \$275 In Cash and Prizes For First Bale

Cash prizes totaling \$275 have been offered for the first bale of cotton in Bell county brought to Temple for ginning.

The agriculture committee of the Temple Chamber of Commerce has offered a prize of \$150 and an additional \$125 has been offered by a group of Temple merchants.—Temple Telegram.

LOCAL FARMER NAMED FOR WASHINGTON VISIT

Herbert Colburn of Cameron, landowner and farmer in the Yarrington community was named sole delegate from Texas to go to Washington for an important conference with the Field Division of the U S Department of Agriculture, it was announced here Thursday by Alva E. Sanders, director for the AAA.

Mr. Colburn has left the city for Washington.

Howard T. Kingsbury of Santa Anna, Texas is the state delegate named by B. F. Vance of College Station, director of the Production and Marketing Administration.

This signal recognition of the county agricultural group, came as a result of work now being done to catalog soil practice needs in four Texas counties. Milam county was one of 4 counties selected for this survey under Mr. Sanders. The other counties are Nacogdoches, Lubbock and Tom Green.

There are 3767 farms in Milam county and 970 farms have already been surveyed and their needs catalogued.

In Washington Mr. Colburn and Mr. Kingsbury will tell the officials what they are doing and what the survey indicates is necessary on the individual farms. The work here is a test for solution to soil practice needs. When the Department learns of the benefits of the survey it will then extend the work to every farm throughout the state and over the agricultural areas, because these reports tell the complete story of what is needed on these farms. This survey is a complete inventory of needs on every farm and fitted to the individual farm.

Selection of Mr. Colburn is a fine compliment to the organization here. He was selected from farmers from all four counties and the survey program in Milam county has won its first signal recognition.

Robert Weems Sets First Bale Premium Pace Here With \$50

Robert Weems of the Weems Gin, set the pace for a liberal first bale premium here Wednesday morning when he gave Walter Senkel \$50 in addition to having paid the farmer for the seed at the rate of \$50 per ton.

Mr. Senkel produced the first bale and it was ginned at 3:30 p. m. Tuesday.

Mr. Weems gave the \$50 check as a premium fund contribution. It was understood that a fund was being raised and would be available for Mr. Senkel by the end of the week.

Cameron this year was being more liberal than heretofore. Taking into account what has already been given and the price of the cotton at 35c net and the seed at above market, Mr. Senkel has around \$200. More cash will be raised.

J. E. Flinn Buys First Bale for 35c Pound Here Wednesday

J. E. Flinn, cotton buyer, purchased the first bale of 1949 cotton here Wednesday morning at 35c per pound.

The first bale was produced by Walter Senkel of the Belmera community and was ginned at 3:30 p. m. Tuesday at the Weems Gin.

The bale weighed 435 pounds at the Cameron Campress, five pounds gain over the gin scales yesterday. The basis middling price of cotton Wednesday morning was 30 1/2c per lb. but Mr. Flinn gave 35c net. The bale brought Mr. Senkel \$151.25.

The bale price was in addition to the seed which were sold at \$50 per ton price and bought by Weems Gin.

Mr. and Mrs. Robert Foster of San Antonio spent the week end with her parents, Mr. and Mrs. Joe Hollas. Miss Ethel Mae Jistel accompanied the Foster's to San Antonio for the week. Miss Jistel is the daughter of Mr. and Mrs. Hubert Jistel of Cameron.

WALTER SENKEL BRINGS IN FIRST 1949 COTTON

Milam county's first bale of cotton for 1949 was produced by Walter Senkel and was ginned by the Weems Gin plant at 3:30 p. m. Tuesday, August 2.

Mr. Senkel brought in 1160 pounds of seed cotton and the bale of lint weighed 430 pounds. There were 700 pounds of seed and Mr. Weems bought the seed at ten dollars above market price, paying \$50.00 per ton rate.

Mr. Senkel produced the first bale of cotton in 1947. The 1948 first bale was ginned in the latter part of July. The first bale for 1949 is later than usual due to late plantings.

Mr. Senkel lives at Belmena and has a good crop of cotton but rain would be most helpful to mature the crop. He planted and has cultivated 35 acres of cotton. He planted Kash and Watson seed, a fast maturing cotton. The land on which the crop was planted is what is known as early land also and in dry weather the cotton opens ahead of most lands. That area of the county has produced the first bale almost every year.

Business men in Cameron were interested in subscribing a nice premium for the first bale. Before the bale had been ginned some of the money had been given.

John C. Andres, President of the Chamber of Commerce, had received a number of cash subscriptions and it was understood that a regular subscription list would be circulated. There was no information at noon Wednesday on the possible size of the premium.

The 1949 cotton crop in Milam county could not be well estimated due to the toll that has been taken by the continued dry weather.

In some sections of the county rain was needed and in other sections farmers have a better chance without rain.

Generally the crop has been pronounced the best since 1920 when the county produced 80,000 bales. There has been a big increase in cotton acreage this year. Weather conditions are factors now and much depends. As it looked Wednesday the county might get 25,000 bales.

LOYALTY TO CAMERON MOVE TAKING SHAPE

Merchants feeling the pinch of mail order business and seeing the need for an improvement in trade here, have summoned up some good ideas to stimulate thinking.

Accordingly the first move here will be a large window poster some 22x28 to be used along with window dressing, is titled "Think" and is the creation of O. B. Horstmann who has long been prominent in Chamber of Commerce work.

These posters are in the making and will soon be ready for use. They state an old and cardinal principle of home industry. These posters, written by Mr. Horstmann, set out in brief what Cameron owns in assets and who supports and make them possible.

The Local Merchant is always here when we need him, is one of the central themes of this new move to stimulate thinking along better community lines.

Community assets are here because a local merchant gave his money in taxes and by donations. No mail order house ever was known to build a local community. So now we have a straight forward appeal "Before you send your money away, stop and think."

In any program to preserve community trade enters the all important question also of what about merchandise? Merchants need to carry greater stocks and advertise them. One of the contributing factors in the mail order evil is the lack of local supply in the average community. In Cameron merchants have good stocks. They should advertise more because we cannot recapture our old place as a leader in merchandising unless we go after business with advertising.

Friends will regret to learn Buddy Fuller is among the patients in Newton Memorial Hospital for treatment.

HOTEL SLAYING BAFFLES LAREDO POLICE FORCE

Police in Laredo were without explanation for the mysterious deaths of two men in a hotel slaying there Sunday.

Two men were shot to death early Sunday in rooms five stories apart in a Laredo hotel.

Laredo and Nuevo Laredo, Mexico, police said the same person may have killed both men.

Henry Whittenberg, 31, operator of Farmers Gin Company, was killed by four 32 calibre bullet wounds through his upper body. James Lindsay, 33, ex-non-commissioned officer from San Antonio was found dead with a 32 calibre bullet wound through the right eye.

Lindsay had been dead several hours when found on the floor of his room on the hotel's fifth floor.

Whittenberg, formerly of McAllen, was shot to death about 4 a. m. in his 10th floor room. Police were holding a woman whom they said had witnessed the shooting. She told them a man came to the door and shot Whittenberg.

WEDDING INVITATION

Mr. and Mrs. George Childress extend an invitation to their friends to the marriage of their daughter, Charlotte, to Mr. James Marcus Wiggs of San Antonio on Monday evening, August 8, 1949, at eight o'clock in the garden of their home.

Mrs. Shofner Sterling and son of Austin visited Mr. and Mrs. Homer McLane Sunday.

Mrs. Leonard Bush of Texas City is visiting in the homes of N. D. Fuller and W. O. Rinn and families this week.

Judge Fountain Kirby Beaten By Groesbeck Mayor; Condition Bad

GROESBECK, July 29—A complaint charging assault with intent to murder was filed here this morning against Groesbeck's Mayor Allen Therrell following an affray in a service station last night in which Judge H. Fountain Kirby was seriously injured.

Judge Kirby, who presides over the 77th District Court, is in Cox Hospital here, where he is being treated. His condition was described this morning as "serious." He was suffering from severe bruises about the eyes and nose and other cuts and abrasions about his head, as well as shock. Dr. Stanley Cox said he may lose the sight of his left eye.

Sheriff Bill Green said this morning that the incident in which Judge Kirby was injured occurred about 10:30 o'clock last night at a service station in the edge of Groesbeck.

The complaint was filed this morning in Judge Clarence Ferguson's County Court.

20,000 Braceros Due in U. S. Soon

MEXICO CITY, July 28—The Mexican Foreign Office said today the new agreement covering immigrant workers would be signed tomorrow (11 a. m. CST) in the Foreign Office.

Leslie A. Wheeler, U. S. Charge d'Affaires, will sign for the United States.

Mexico expects to send 20,000 braceros to the United States for field work under the agreement. It drops a former ban on Texas where there were complaints of discrimination.

J. W. Garner of Rockdale was a Cameron business visitor recently.

TRUMAN ASKS BILLION AND HALF FOR WAR

WASHINGTON, July 28—President Truman asked Congress today to throw \$1,450,000,000 in U. S. arms into the world battle against Communism but quickly ran into formidable bipartisan opposition.

The President asserted that the program is essential to help secure free nations against Russia's "massed military might" and Communist conspiracies.

But Sen. Arthur Vandenberg, Republican of Michigan, breaking with the Administration on foreign policy for the first time since 1945, denounced it as too big in scope and as giving Mr. Truman too much power.

Vandenberg was joined in his attack by such influential Senate leaders as Chairman Walter F. George, Democrat of Georgia, of the Finance Committee, and Robert A. Taft of Ohio, head of the Senate Republican Policy Committee, and Sen. John Foster Dulles Jr., Republican of New York, former United Nations delegate and like Vandenberg a major GOP spokesman on foreign policy.

George said any arms shipments now would amount to "waste," while Taft protested that Mr. Truman was asking Congress to abdicate its foreign policy responsibilities.

Dulles called the plan overly ambitious.

The President handed his far-reaching proposal to Congress soon after he formally ratified the North Atlantic Security Treaty which pledges the United States and the other 11 signatories to stand as one against Russian aggression.

The arms program, designed to put "muscle" in the defense alliance, proposed supplying \$1,450,000 in military aid during the next two years to "free nations" of Europe and Asia to "resist aggressions."

TWO OFFICERS AND 37 ENLISTED MEN TO TRAIN

By LLOYD ALBERTSON

Two officers and thirty-seven enlisted men of Battery C. 649th Anti-aircraft Artillery Battalion, left Cameron early Saturday morning to attend the National Guard's two weeks summer camp, which this year will be in conjunction with the New Mexico National Guard at Ft. Bliss, near El Paso.

Capt. Rudolph Michalka said the group will join other units of the Battalion from Temple, Taylor and Belton in Temple and will travel by special train over the Santa Fe to El Paso. Enroute the Guardsmen will be fed from their own kitchen car and will have Pullman accommodations. Actual training in the field will begin at Ft. Bliss on Monday morning, August 1st. Then for the first time since becoming an anti-aircraft unit, members of Battery C will have a chance to become familiar with the weapons of such an organization. During the second week of the encampment they will fire the anti-aircraft machine guns and other weapons at towed targets.

Members of the battery will be quartered in barracks and will be fed in mess halls while there, according to information Capt. Mich-

alka has received. They won't, therefore, have to "rough it" in tents, as was the experience of Guardsmen attending summer camp at Camp Hood recently. Also Ft. Bliss' service clubs, swimming pools, theatres and P. X's will be open to them during their leisure hours.

The battery will return to Cameron on Sunday, August 14.

Burkes-Howard Co. Gives Demonstration On Frozen Foods

A frozen food demonstration was given for friends Tuesday, July 26 at the Burkes-Howard Co., by International Harvester's home economist.

Miss Edith Estes presented the latest technique in the Irma Harding System of Food preparation for home freezing. She brought out the time, food and money saved with an International Harvester home freezer.

A number of Cameron people attended the demonstration. Mr. and Mrs. Ora Arnold and Carolyn spent Friday and Saturday of the past week in Bryan visiting Mrs. Arnold's sister, Mrs. E. H. Hearne and son and daughter, Henry Marvin and Emma Ruth returned with the Arnold's to Camp Hood for a visit this week.

TREATY IS HAILED AS STEP TOWARD PEACE

President Truman formally ratified the North Atlantic Pact today, hailing it as an "historic step toward a world of peace."

The Senate gave consent to ratification last Thursday and Mr. Truman took this formal step today. As he signed the treaty, Mr. Truman issued a statement saying: "The American people value peace and freedom above all things. Our ratification of the North Atlantic Pact with the overwhelming support of the Senate and the people shows our determination to preserve this peace and freedom."

"This treaty is an historic step toward a world of peace, a free world, free from fear, but it is only one step. We have malice toward none. With our partners in the pact and other like-minded peoples, we must, with God's help and guidance, work for peace with every means at our command."

"We must keep ourselves morally and materially strong. We must play our part in helping to strengthen freedom everywhere. We must work patiently and tirelessly to make the United Nations ever more effective of its great task. We must seek ever greater unity of purpose and of action in the cause of peace."

MERGER PROVISIONS SCHOOL LAW UPHELD

AUSTIN, July 30—First legal interpretations of the new Gilmer-Aikin schools laws uncovered no flaw today in the school district consolidation set-up.

The provision of senate bill 116 on merging of dormant districts is mandatory, said the first opinion. All three rulings, by Assistant Attorney General Chester E. Ollison, were approved by Attorney General Price Daniel.

Pending in the supreme court is an El Paso case to determine how military reservations may be assigned to school districts under the Gilmer-Aikin plan. The court has not taken up this case.

Another of today's opinions declared article eight of the bill was intended to expedite the abolition of inactive districts and does not set out an exclusive method for consolidation. A dormant district lying next to an active district may petition for consolidation, and the county judge must call an election.

That ruling was requested by Roy L. Hill, Runnels county attorney of Ballinger. Howard County Attorney Elton Gilliland asked for a ruling on whether consolidations are mandatory. The attorney general said:

"The first sentence in the first paragraph of article eight of senate bill 116 . . . is mandatory in nature. The words 'within 30 days from the effective date of this act' should be regarded as directory and not as a limitation on the power therein given to the county school board."

The third opinion was on whether certain school districts in Young county were dormant. It was requested by County Attorney Tom M. Miller of Graham.

Districts which farmed out their school children to other districts for two successive years are dormant, it said, even though some pupils were taught by the receiving district in schools in the sending district.

"A school district is dormant . . . if it fails to operate a school for the year having the greatest number of enumerated scholastics for any two successive years subsequent to the end of the school term which began in the fall of 1946 and ended in the spring of 1947," the opinion said.

P. H. McCawley Rites In Rockdale Saturday

ROCKDALE, July 31—Funeral services were held here Saturday for P. H. McCawley, 61, business man and member of an old Rockdale family, with Rev. T. Miller Smith of the First Methodist church officiating. Burial was at Oak Lawn cemetery.

Mr. McCawley died in a Temple hospital where he had been taken earlier in the week. He served as assistant cashier of the old Citizens State bank of Rockdale during its existence some years ago. Later he was employed in this territory by the Old Age pension commission and also for some time with the Liquor Control board of Texas.

He was a native of Rockdale. Survivors are his widow and daughter, Mrs. Lenard Kreuz of Austin; a brother, Charlie McCawley, and a sister, Mrs. J. McGraham of Rockdale.

W. W. Caddell of near Buckholts transacted business in Cameron Tuesday of the past week.

Morris Cryer, little son of Mr. and Mrs. A. L. Cryer of Buckholts is ill in Newton Memorial Hospital.

Groesbeck Judge Who Took Beating From Mayor Feeling Better

GROESBECK, Aug. 1 — District Judge H. Fountain Kirby, victim of a beating which sent him to the hospital, was reported "improving and feeling better generally" Saturday.

Allen Therrell, mayor of Groesbeck until his resignation Friday, has been charged with assault to murder the veteran judge. He waived examining trial in Limestone County court, was bound over to the grand jury, and is free on \$2500 bond.

Therrell's resignation was tendered and accepted several hours after the charge was filed against him. The grand jury meets Aug. 1.

Officials here said there had been friction between Therrell and Kirby for some time. Kirby's beating occurred Thursday night as he was on

THE CAMERON HERALD

AUGUST 4, 1949

his way home from court.

Kirby is in his early sixties; Therrell is in his forties. Kirby, widely known in Texas for the number and variety of injunctions he has issued, has been on the bench of 77th district court more than 20 years. Actions, taken in Groesbeck municipal court under Therrell, have sometimes come before Therrell on appeal.

Dr. Stanley Cox of Cox Hospital said the swelling is "going down out of Judge Kirby's face. His nose was broken, but x-rays reveal no other fractures. He will have some permanent impairment of his left eye. He apparently is out of danger unless there are some complications. He is able to take and retain his food."

"He is improving and feeling better generally. Some of his friends are visiting him—though we have had to restrict the numbers."

Sunday Fire Wipes Out Residence Here

Fire completely destroyed a residence on North Fannin at 5 p. m. Sunday belonging to R. L. Batte.

Oran Martin and family, living in the home at the time lost all their household goods.

The fire started in the roof, and cause undetermined. It was said here Monday that the loss would total about \$3000.

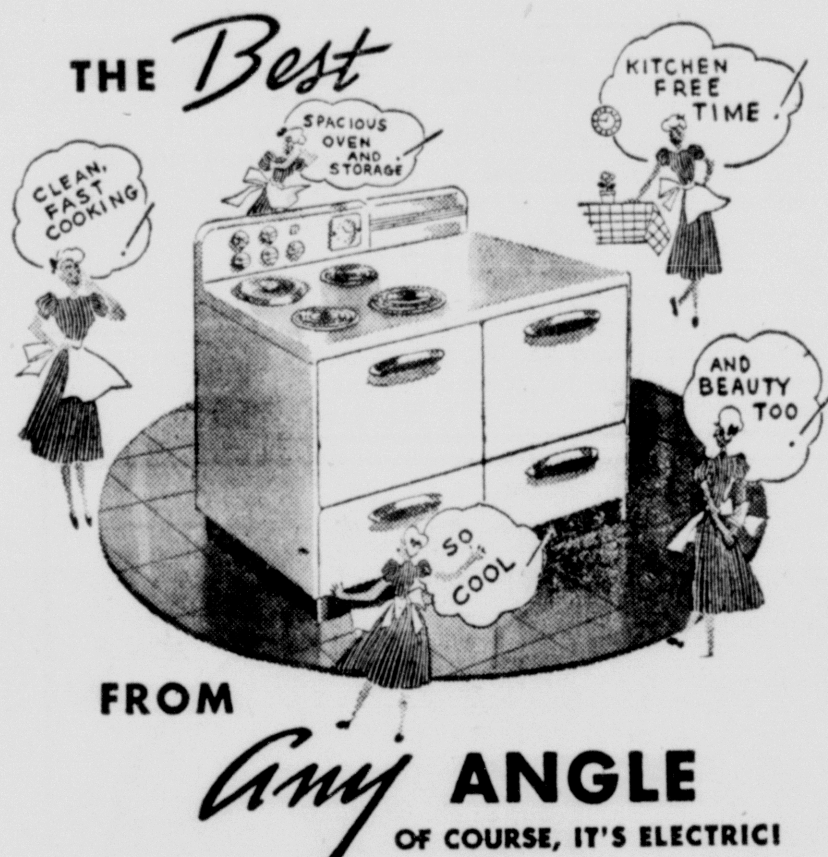

Mr. Martin is employed with the bridge crew constructing bridges over Elm and Walkers Creek on Highway 77.

Miss Leona Blakey and mother spent Sunday in the home of Mr. and Mrs. Walter Senkel and also visited in the Will Stoeber home.

CARD OF THANKS

We take this means of expressing our sincere thanks for the kindness shown us during the illness and at the death of our beloved father, Sam Pitts. To those who sent flowers, messages of condolence or in any way assisted us during our time of sorrow, we are deeply grateful. Our prayer is that God will bless each of you.

The Sam Pitts Family

CARD OF THANKS

We wish to express our sincere appreciation to neighbors and friends for their kindness in our grief at the loss of our beloved son and brother, Eugene Frank. We especially wish to thank our friends for the beautiful floral offerings and other comforting expressions of sympathy. Mr. and Mrs. Frank Salac and Family.

Mr. and Mrs. W. J. Michalka, Billy and Frances Ann have returned from a two weeks vacation through the middle west, where they visited at Herman, Nebraska in the home of Mr. and Mrs. William Kruse. While Mrs. Michalka and Frances Ann remained Mr. Michalka and Billy journeyed through Iowa and Illinois and were guests in the John Deere Farm Implement plants at Waterloo and Moline. They reported a pleasant trip, cool weather and rains for favorable crop conditions through these states.

ANY MAKE RADIO repaired. Call 104. PARMA RADIO SERVICE.

Mrs. James Davis and baby of Houston spent the week end visiting relatives and friends in Cameron and Rockdale. Mrs. Davis will be remembered in Cameron as the former, Miss Marie Maddox.

Forrest and Sylvia Juergens spent their vacation visiting in Houston and Galveston.

Sunday guests in the home of Mr. and Mrs. Alfred Price were Mr. and Mrs. M. A. Baggerly, Mr. and Mrs. Roland Devers and son of Waco, Mr. and Mrs. James Vickers and daughter of Rosebud, Mr. and Mrs. James Harold Raney, Mr. and Mrs. Jimmy Jordon of Houston, Alfred Price, Jr., who is in the U. S. Navy and stationed at San Diego and his friend, Raymond Perry with the U. S. Navy stationed at Corpus Christi.

HOT SUN IS OPENING COTTON FAST HERE

Cameron will in all probability get her first bale of 1949 cotton this week.

Cotton is opening fast on the prairie lands north of the city.

In the western portion of the cotton belt the lands have been well supplied with moisture during recent weeks and although it is dry and very hot the plant is holding up well and it looked as though a bumper crop will be harvested.

There are enough fields with open cotton now to bring in, not only the first bale but several bales.

Cameron some years ago quit giving a premium for the first bale. It was understood that this year there was some intention expressed to resume the premiums. That would be a fine thing to do. The merchants generally will give the premiums and the money if someone will undertake to circulate the petition.

Ir Temple \$275 is waiting for the first bale. A Milam county farmer can take his bale to Temple and get \$275 in prizes and cash. Rosebud gave \$100 last year.

It is pretty certain that Milam county will get its first bale this week, whether it comes to Cameron or not. Thorndale is usually early and may get the first one. The Jones Prairie and Clarkson areas are usually early with cotton.

Cameron gin plants are ready and standing by waiting for the ginning season to open. If rain comes the season will be delayed. If the weather continues hot cotton will be cut short but will be opening fast. Much of the crop is already made. Rain will mature bales.

Mr. and Mrs. Thomas Kirby and little son, Thomas, Jr. are guests in the home of Mrs. Kirby's sister, Mr. and Mrs. Oliver Clark. The Kirbys are from New York and plan to make their home either in Cameron or some near by town.

projects finished or under way have been financed from non-appropriated funds.

Joe A. Dusek is a patient at Tolbert Hospital in Marlin. Her many friends wish her a speedy recovery.

Recession From War Peak Healthful to Economy of Nation

PHILADELPHIA, July 28—Recession from post-war business peaks has been "orderly and for the most part beneficial," the Federal Reserve Bank of Philadelphia reported today in a mid-year analysis of the state of the nation's business.

Summing up, the bank said the drop in employment and prices may not present a "pretty" picture but that these declines are necessary corrections of distortions created by World War II and the postwar period.

Two of the key distortions deal with dollars and production. Money held by individuals and business now totals more than two and one-half times the amount at the end of 1939. But production is less than double what it was before the war.

Another maladjustment that had to be corrected was the back-log demand for durable goods—automobiles, radios, etc. The rapid switch-over from purchases of nondurables during the war to durable goods which flooded the market after the war created another distortion, the bank reported.

The bank noted declines in production during the first half of 1949 with resulting decreases in employment.

But employment "has not yet reached what was regarded as the danger point in many previous discussions," the Federal Reserve Bank said.

June was the first month in which the total of all employed persons dipped significantly below that of the previous year.

Connie Twiggs of Rockdale is among the patients in Newton Memorial Hospital.

Mr. and Mrs. L. R. Russell and baby are visiting home folks this week.

Mr. and Mrs. Walter Senkel recently visited in the home of their daughter, Mr. and Mrs. Curtis Phipps of Austin.

Dorothy Sparks, daughter of Mr. and Mrs. Leroy Sparks of Ft. Worth is among the patients in Newton Memorial Hospital.

WAR LEADER INDICATES RUSSIA MAY STRIKE

WASHINGTON, Aug. 1 — Gen. George C. Marshall urged congress today to send arms to Western European nations quickly.

"I am fearful of delay," he said. Backing the full \$1,450,000,000 Truman program of aid to friendly nations, the wartime army chief of staff told the house foreign affairs committee it is "just a beginning" in setting up a firm front to forestall any Russian push. Committee members have insistently asked witnesses how much cooperation for mutual defense could be expected from Europe. Some Republicans have spoken for positive assurance before supporting even a reduced arms program.

Marshall said it would be "a very dangerous thing" to hold up on the program until congress is assured Western Europe has a program worked out. He said he doesn't believe there will be any difficulty in getting European nations to cooperate.

Couldn't the program be cut until cooperation is guaranteed? Rep. Pudd (R-Minn) asked, Marshall advised no.

"You're trying to start the engine up," the former secretary of state said.

Rep. Javits (R-NY) told Marshall he plans an amendment requiring President Truman to reach agreements with signers of the Atlantic treaty that there be a unified command in defense of Western Europe and other unification steps.

Marshall advised Javits this "may lead us into something we're not anxious for . . . I can't express myself."

Secretary of Defense Johnson has told the committee there would be an understanding and "working agreement" Marshall noted that five Western European nations, England, France, The Netherlands, Belgium and Luxembourg, already has a unified command.

Marshall said that eventually the men in the Kremlin will destroy themselves "but this generally takes time."

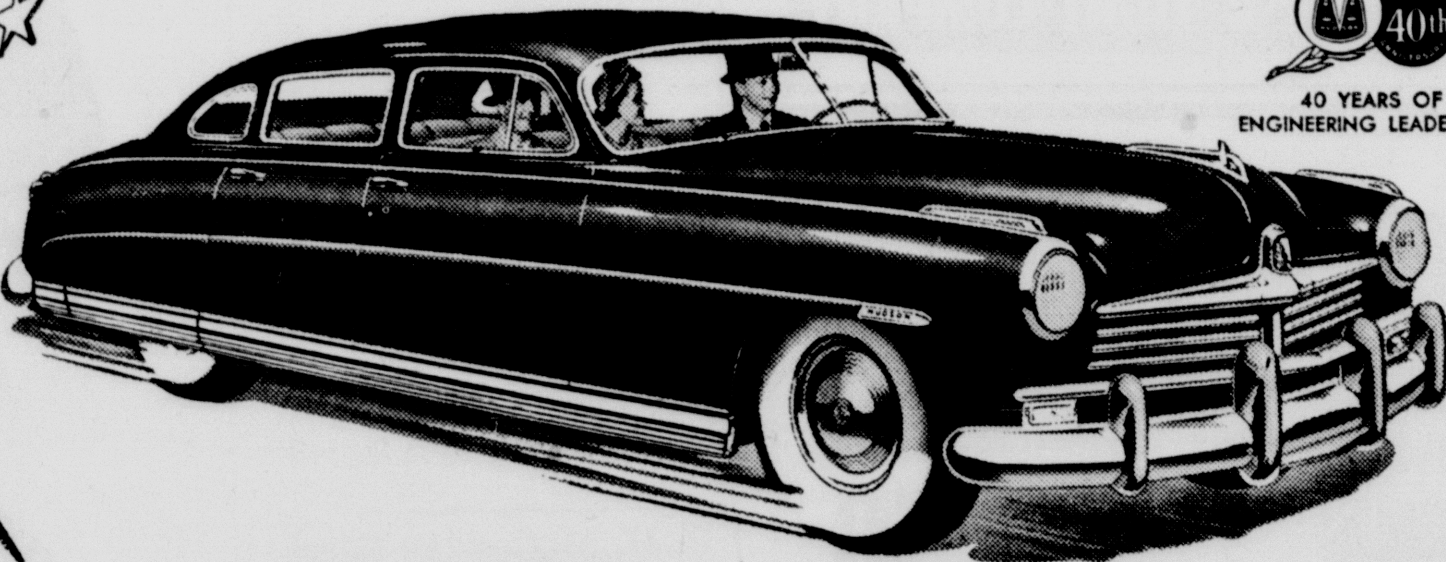

A firm front is the best defense, Marshall said.

Gus Schultz of near Somerville is ill and a patient at Newton Memorial Hospital.

TRUMAN MOVES TO BOLSTER NEW TREATY

The United States military high command will fly to Europe Friday to discuss the arms aid program with the military chiefs of the Atlantic pact nations.

The national military establishment, announcing this Wednesday, said the commanders of the army, navy and air force "will discuss matters of mutual interest, including the proposed military organization under the North Atlantic pact, with the military chiefs of European signatory nations of the pact and will acquaint themselves with current conditions in Europe."

They also will "gain first hand information on the status of United States forces" in Europe, the announcement said.

The three military leaders—Army Gen. Omar Bradley, Adm. Louis Denfield, and Air Force General Hoyt S. Vandenberg—make up the joint chiefs of staff.

Maj. Gen. A. M. Gruenther, director of the joint staff, which is a working agency of the joint chiefs, will accompany the commanders.

They will appear before congressional committees considering the military assistance program on Friday before taking off.

They will visit Frankfurt, London, Paris and Vienna before returning in about 10 days.

Mr. and Mrs. William Krupicka and daughter, Glenda of Fort Worth visited in the home of Mr. and Mrs. Vince Kupricka and family over the week end.

West Texas Cotton Farmer Writes They Need Gin; Gause Man Will Move His Plant

J. M. Shaw who owns the Lumus electric gin at Gause will soon be in business again if plans work out.

He has just returned from Kress, Texas up on the plains where he met with cotton farmers.

It all came about as the result of the publication by this newspaper of a letter from J. W. Hamilton of Kress.

Mr. Shaw, a subscriber at Gause, read the letter and immediately got in touch with Mr. Hamilton and other farmers and now will move his gin from Gause to Kress. He says that he is to return to Kress this week for a final talk with the farmers. He says he can gin around 7000 bales this fall.

The farmers there have no gin plant and their appeal through this newspaper bids fair to get them one soon.

U. S. Senate Upholds Johnson's Victory At Polls In Texas

WASHINGTON, July 27 — The Senate Rules Committee upheld today Lyndon Johnson's election as U. S. Senator from Texas over Coke Stevenson. It said its action was final.

Former Governor Stevenson had contested Johnson's victory in the 1948 Democratic runoff primary. Johnson won by 87 votes.

The committee also upheld the elections of Senators from Oklahoma, West Virginia and Michigan.

Turner L. Smith, committee counsel, said the action in the Texas case was final because no formal general elections contest was filed.

The committee said Stevenson did not pursue the remedy provided by State laws when he failed to file suit in a Texas district court.

LOCAL FARMER—Maj. Clarence Weidner Takes Up Duties At Erding In Germany

ERDING, Germany July 26—Now on his second tour of foreign duty, Major Clarence Weidner, of Boerne, and son of Mr. and Mrs. Otto Weidner, also of Boerne, has been reunited with his wife, Rosa, and their four children.

Mrs. Rosa Weidner is the daughter of Mr. and Mrs. Alma White, of Cameron. The children, Alma Lue aged 9, Melba Sue 8, Clare Rose 6, and John Otto, four years old, arrived in Germany with Mrs. Weidner during May. The family now resides in Freising, a Bavarian community north of the Erding Air Force Depot, near Munich, where the major serves as the 7220th Supply Group Warehouse Chief, and Commanding Officer of the 7223rd Supply Squadron.

Temple Woman Is Seriously Injured In Wreck Near Rogers

Mrs. Gordon Duncan, 1215 South Main street, was seriously injured yesterday afternoon in an automobile accident about three miles north of Rogers on highway 190.

Mrs. Duncan suffered a fractured jaw, shock and possible internal injuries.

State Highway patrolmen, Jack Gaines and Jack Higginbotham, of Cameron, investigated the accident and said Mrs. Duncan apparently swerved to miss a discarded automobile tire in the road and lost control of the '41 Buick which she was driving.

The patrolmen said the car left the highway on the left side of the road and hurdled a ditch.

13 Young Men Attain Age of 18 and Qualify For Military Duty

Draft Board No. 92 comprising all of Milam County has issued the following list of names of thirteen young men who attained the age of 18 during July 1949 and registered on their 18th birthday or within five days thereafter, in accordance with the Selective Service Act of 1948:

Maxie Joe Morrison, Joe Charles Robinson, Floyce Trever Butler, Jr., Jerry Louis Haag, Billy John Sanders, Anton P. Mikula, Jr., Refugio Barratachea, Ralph Louis Michalka, James William Offield, Arthur James Shafer, Preston Phillips, Kenneth Edward Miller, James Monroe Thompson.

Changes of address, marital status, occupation, and dependency relating to any of these registrants must be reported immediately by mail or in person to the office of Draft Board No. 82 on N. Central Street in Cameron, Texas.

Herald Want Ads Pay Dividends.

TEXAS PRODUCERS WILL BENEFIT FROM SUPPORT

WASHINGTON, July 27 — The Agriculture Department announced today it will support producers prices of 1949 crop cottonseed at 90 per cent of parity.

The department said this probably would mean a support price "in the neighborhood of \$50 a ton."

The department said farmers now are getting about \$35 a ton for cottonseed from the 1948 crop.

This will be the first time the Government has ever supported prices of cottonseed. Farm Congressmen and organizations in recent months have insisted that the department launch a cottonseed support program. Prices of cottonseed during the past year have slumped \$50 a ton.

The department said the support program was designed to give cottonseed producers similar price protection already available to producers of other major oil seeds.

Cottonseed is a major ingredient in margarine production. It is used also in making shortening.

The support price will be set at 90 per cent of the Aug. 1 parity price. If this is the same as the July 1 parity price it would mean a support level of \$55.20 per ton.

The department summoned its State production and marketing administration officials in leading cotton-producing States to meet with Washington officials here to-morrow to develop details of the support program. Under the program, the Government will make price-support loans.

PATTERN SAME AS IT WAS AFTER FIRST WAR

FRANKFURT, Germany, Aug. 1—Reminders of Nazism entered western Germany's first federal election campaign today.

Swastika-decorated leaflets calling for the return of a Hitler were distributed in Duesseldorf, West Prussian city, German police reported. The pamphlets attacked Jews and present German political leaders and urged Germans to stay away from the polls Aug. 14.

Police said they had no clues as to who may have distributed the leaflets.

One of Hitler's former cabinet ministers, Hjalmar Schacht, made an impromptu plea for the defeat of socialism at a rally of the right-wing German party (Deutsche partei) in Luenenburg. The powerful social democrat party (SPD) advocates the socialization of basic industries.

Socialism also drew fire from speakers of the rival Christian democratic union (CDU). Prof. Ludwig Erhard, addressing a CDU rally at Bochum in Westphalia, blamed Britain's economic troubles on her government labor party's socialistic program. He said the British military government's policies "make life difficult for Germans in economic matters." Bochum is in the British occupation zone.

Erhard also criticized the European recovery program, claiming it has failed to provide Germany with enough raw materials.

Konrad Adenauer, CDU party chairman, in a speech at Osnabrueck in Prussia, said the west Germans "are far from being politically free" under the occupation. He added they have fewer rights than a colony. Adenauer accused the British of favoring the social democrats.

Franz Bluecher, chairman of the free democratic party (LDP), fired another blast at the European recovery program. LDP, like CDU, stands for private enterprise. He told a rally in Duesseldorf that ERP money is being misused to over-industrialize Europe without proper regard for market conditions. Bluecher called on the U. S. to use its big gold reserve to back western Europe's currencies.

In Munich, Dr. Wilhelm Hoegner, former Bavarian minister-president, sharply criticized allied dismantling of German factories. He also pointed to the danger of "new nazis," defending allied fear of a newly re-armed and militant Germany. Addressing an SPD rally, He said:

"This (allied) fear is the fault of new nazis, who think they may be in power again two years from now."

Munich is in Bavaria, an American zone state.

Mr. and Mrs. R. L. Storey have returned home after visiting in Houston, Freeport and Bay Town the past two weeks. While in Bay Town they attended a revival of the Baptist Church conducted by Rev. L. L. Morriss, former pastor of the First Baptist Church in Cameron.

Five Indictments By Grand Jury Returned Here Thursday

Five indictments, two for murder, one for felony theft and two for cattle stealing, were returned here Thursday by the Grand Jury in District Court.

The murder indictments were returned against W. A. Hatfield, 69 year old Cameron man, who shot and killed his wife here on Wednesday July 20 and Giles Jordan, charged with murder of Ferrias Ferguson, a negro in Gause on Monday, July 18.

Both men have been indicted for murder with malice aforethought.

L. C. Jenkins has been indicted for felony theft in connection with an automobile transaction with the Gaither Motor Company in Rockdale.

Joe Sheppard, Sr., of Thorndale has been indicted on two counts for cattle theft.

Members of the Grand Jury are: Fred Bethea of Rockdale, foreman; T. G. Raymond, Cameron, Secretary; Lee O'Neill, Cameron, Inner Door Bailiff; J. S. Mewhinney of Buckholts, Frank Tomek, Sr., Elm Ridge; Bernice Charles, Tracy; Louis Raska, Cameron; M. M. Camp, San Gabriel; U. L. Pierce, Milano; Roy Weems, Cameron; Claude White, Milano and Bartle Crennan Burlington.

Buckholts Farm Boys Plant Hybrid Corn; To Have Inspection

Seventeen 4-H Club Boys in the Buckholts Community planted Texas hybrids, Nos. 8, 18, 20, 24 11W and Funks G711, as a part of their club work this year. A tour will be made on August 3, to visit these demonstrations.

F. B. Romberg, seed breeder at Holland and Mr. Fuchs, Buckholts merchant, furnished the boys enough seed for each boy to plant 3 different hybrids against native corn. The boys, their fathers, the seed breeder, and a number of merchants will load the school bus for the tour.

Further plans are being made for a corn show in Buckholts during the early part of September. Each boy will show a ten ear sample of his corn for prizes. The best samples will be entered in the Central Texas Fair at Temple.

J. D. MOORE, County Agricultural Agent.

Card greetings from Mr. and Mrs. Chas. M. Hicks from Cameron, Colorado. "We like our Cameron better," they say. They had just seen the Grand Canyon when the card was mailed. Mr. and Mrs. Hicks were in New Mexico for an important conference of states on the school lunch program in the public schools. They are back in Cameron Friday and feel much better because of the vacation trip following the meeting.

CAMP HOOD EXPANSION TO COST 3 MILLIONS

Another step forward in making Camp Hood one of the most modern posts in the United States was taken today as ground was broken for 34 permanent-type buildings to house non-commissioned officers' families.

Costing more than \$3,000,000 the project is the first permanent construction at Camp Hood to be built with appropriated funds.

Maj. Gen. A. C. Smith, commanding general of Camp Hood and the 2nd Armoured division, and M-Sgt. Joseph F. Dawling, representing non-commissioned officers, officially launched the project when they turned the first spade of dirt in groundbreaking ceremonies at 2 p. m.

A crowd of post military personnel and visiting civilians watched the ceremony on South avenue near the NCO club.

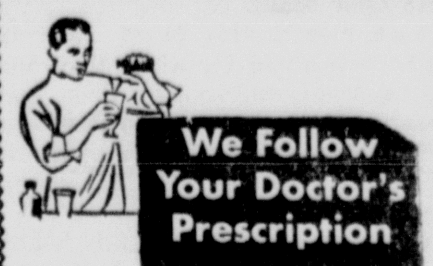

The eight-unit buildings, of Spanish style and brick veneer exteriors, will provide 272 housing units for Camp Hood families. J. W. Bateson Co., Inc., of Dallas will handle the major portion of construction, with several sub-contractors participating.

Completion date is based on a 450-calendar day basis, with construction inspection under the supervision of Col. Rosco Bonham resident engineer. The newly-launched housing pro-

ject is part of a 15-year master plan to replace the camp's present temporary facilities with predominantly Spanish architectural style permanent buildings. The master plan's progress will depend upon congressional appropriations and the deterioration of present structures.

Already completed is the main theater, one of the finest of its kind in the nation, and a 4500-seat reinforced concrete football stadium.

Other recreational building is in progress, with a new baseball field ready and tennis courts, volley ball courts and swimming pools dotting the Camp Hood area.

Draft Board Seeking Lone Registrant Who Did Not Leave Address

Local Board No. 92 is grateful to this paper for the help it has given in locating men registered with this board, by publishing the names of these men from time to time.

Registrants who are not familiar with the rules and regulations of the Selective Service Act of 1948, many times fail to give their forwarding address when moving from the address given at time of registration. This makes it difficult for their local board to convey to them vital information concerning their status with their board.

Last month, this board had six registrants listed for whom they had information concerning them and were unable to locate. This has been culled down to only one registrant, all the rest having been located or reported to the Local Board office.

The one registrant that this board is trying to locate is Ricardo Rivera. It will be most helpful to this board if anyone having information concerning this registrant will report same to the Local Board Offices.

Mr. and Mrs. Marvin Lunsford of Dallas are spending this week visiting relatives here. The Lunsfords formerly lived in California.

Polio Cases In U. S. Far Ahead Of 1948 Total

Infantile paralysis cases are running far ahead of last year—the second worst polio year in United States history.

An Associated Press survey Thursday showed 6935 cases over the nation through July 27, with 337 polio deaths.

In 1948 the total for the first seven months—through July 31—was 5498 cases. The total for last year finally reached 27,680, second only to the record of "about 30,000 cases" for 1916.

The United States Public Health Service reported in Washington that the 6339 cases as of July 23 this year was 38.4 per cent higher than the 4580 reported through the same date last year.

Comparison with the record year, 1916, would be difficult because a change has been made in the reporting system since then.

Other high years in the United States were 1946 with 25,191 cases and 1944 with 19,029.

Mr. and Mrs. Joe Ulicnik are the parents of a six pound son born at Newton Memorial Hospital, July 17, 1949. The baby has been named, David Lee.

SUPPORT COTTON PRICE IS LOWER THAN 1948

The Agriculture Department announced today that price supports on the 1949 cotton crop will be from four to five per cent lower than last year, partly because of a drop in farm living and production costs.

Officials said the price support would average nearly a cent and a half a pound below last year's figure.

But the price props should be adequate, the agricultural official said, to maintain income of cotton farmers well in line with last year's favorable return.

It also issued a report estimating that support prices on rice and peanuts will drop about two per cent, and placing supports for the 1949 cottonseed crop at about \$47.50 a ton.

Supports on all crops will be based on 90 per cent of parity. Last year the support rate on cotton was 82.5 per cent of parity.

Parity is a price calculated to give farmers a fair purchasing power in relation to the cost of things they must buy.

Because of large reserves from previous crops and prospects for a big harvest this year, cotton prices are expected to be in line with the support level.

This year's cottonseed crop, unlike those in the past, will be supported also. Support rates for the seed have not yet been announced but they are expected to average around \$49.50 a ton. Such an average would be far above the current market price of \$37.50.

The department said the basic rate of support would be 27.23 cents a pound for middling seven-eighth inch cotton, and 29.43 cents for middling fifteen-sixteenth inch cotton. This compares with last year's support rates of 28.79 cents and 29.54 cents, respectively.

The department placed the parity price for peanuts at 11.7 cents a pound, compared with 12 cents a year ago.

Milam County Melons Finding Market In Northern States

Jesse Kirk, Jr., of Cameron has just returned from a trip to northern markets and while away succeeded in attracting buyers to Milam county melon fields.

It was said here Friday morning that some 6 to 7 truck loads a day are being trucked out, mainly from the Cause area at this time. Melon growers at Rockdale have organized a co-operative marketing association and largely have solved their problems. The price is not satisfactory but is improving.

One of the major drawbacks here is lack of market co-operation effort. Cameron needs a concentration point and mainly needs to be advertised in centers of demand over the country.

Growers here can thank Jesse Kirk for doing a good thing. Mr. Kirk is a trucker but has found a market for melons at a time when they were going to waste in the fields.

Mrs. Alphonse Tomek of Buckholts is among the patients in Newton Memorial Hospital for treatment.

The R. G. Grabeins Home From 16 States Vacation Tour

Mr. and Mrs. R. G. Grabein and daughter, Nancy, have just returned from a trip through 16 states and have much to report to friends on the things they saw in interest both in the United States and Canada.

They drove to Detroit, Michigan where they spent a day with leaders in General Motors. The outlook and spirit, is good, reports Mr. Grabein who is local dealer for Chevrolet.

The first point of interest was the museum at Dearborn. This display covers 300 acres and there one sees the evolution in traffic from ox carts to present day cars and airplanes. From Dearborn and the Greenfield museum they toured the state and went to Niagara Falls where they entered Canada. Farming is still done with big horses in Canada. On their way back they entered New York state and toured New York City. They found Radio City most interesting.

They went to Washington to visit with relatives and over to Mt. Vernon the home of George Washington and from there they went to Alexander, Virginia. On the way south they stopped in Athens, Alabama and visited relatives and then came home to Cameron.

In all they were away for 3 weeks. Mr. Grabein reports that the country is on the whole a prosperous nation.

Printing is a home industry.

Mr. and Mrs. Colis Green of Ottawa, Ohio have concluded a two week vacation visiting their parents, Mr. and Mrs. P. J. Green of Louisville. Mrs. Green is the former Nettie Rosenberg.

John Tindall is a patient in St. Edwards Hospital. His many friends in Cameron will regret to learn of his illness and wish for him a speedy recovery.

Johnnie and Earlyne Josey of Houston have returned home after a two weeks visit in the home of their aunts, Mrs. Gene Blake, Miss Dorothy Merchant and Mrs. F. E. Jackson.

Mr. and Mrs. Roy Weaver and son, Kenneth Lee and Mrs. Ida A. Drew of Dallas visited in the home of Miss Maggielou Aycock and Mrs. Emma A. Barron last week end. Mrs. Drew and Kenneth Lee remained for a more extensive visit.

Mrs. Ray Dodwell of Lott is visiting her daughter and family, Mr. and Mrs. Joe Ulicnik.

Mrs. Dean Haines has returned to her home in Cameron after an operation at Marlin Hospital and is reported improving rapidly. Her friends were glad to learn of her improvement.

Your trip to California in Santa Fe Chair Cars costs less than by automobile...

It's hard to believe (till you figure it out for yourself)

Even when you divide the cost among two people—the cost is *still less per person* via Santa Fe chair car.

Just add up the cost of driving your car to California—gas, oil, depreciation and night's lodgings (to say nothing of wear and tear on yourself)—and you'll see for yourself!

And that isn't all! After arriving in Los Angeles, you can travel to San Diego on your round-trip ticket via Santa Fe at *no extra cost!* Just tell the ticket agent you want it that way.

You'll like traveling in Santa Fe chair cars, too! Carefree clothing is the popular way to dress, and you have comfortable dressing rooms to freshen up whenever you please so that you can enjoy every minute of your trip along the scenic route to California.

Remember too, you can enjoy famous Fred Harvey meals when you travel Santa Fe.

HERE'S AN EXAMPLE OF ACTUAL COST COMPARISON

Two persons—Tempe to Los Angeles and return

VIA SANTA FE CHAIR CARS

ROUND TRIP \$142.14 (\$71.07 each person including Federal Tax)

TRANSPORTATION

TOTAL COST \$142.14

IN YOUR OWN CAR

ROUND TRIP \$174.36 (Figured at 2906 miles via shortest highway at .06 per mile to cover gasoline, oil, tires, depreciation)

COST OF LODGING AT TOURIST CAMPS 30.00 (6 night's lodging for round trip, at \$2.50 per person per night)

TOTAL COST \$204.36

A CLEAR SAVING OF \$62.22 VIA CHAIR CAR

Ask your local Santa Fe ticket agent to give you travel cost for your city

HOUSE JOINT RESOLUTION No. 38

proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of this State, providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county, and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary, and shall first be authorized by vote of the qualified voters of such county. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors for members of the Legislature at an election to be held throughout this State on the second Tuesday in November, 1949; and at said election the ballots shall have printed thereon the word "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Cor-

stitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees." Each voter shall strike out one of said clauses on his ballot, leaving the one unmarked which expresses his vote upon the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed amendment published as required by the Constitution for proposed amendments thereto.

Sec. 4. If at said election, a majority of the votes cast are "FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," the foregoing proposed amendment shall become Section 63 of Article XVI of the Constitution of Texas, and proclamation shall be made by the Governor thereof.

Sec. 5. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated, to pay the expenses of such proclamation, notice and election.

Mrs. Eddie Allison and sons will leave Monday to join her husband, Sgt. Allison at Savannah, Georgia. Sgt. Allison is the son of Mr. and Mrs. Eddie Allison of Marlow.

Miss Sallie Moncrief of Waco spent the week end in the Jim Kemp home and attended the wedding of Miss Carol Canady to Stinson Ezell Worley Friday evening.

HOUSE JOINT RESOLUTION No. 36

proposing an Amendment to Article III of the Constitution of the State of Texas authorizing the Legislature of the State of Texas to provide for the establishment and creation of hospital districts; providing for the Governor's proclamation and submission to the electorate.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be and the same is hereby amended by adding to said Article a new Section to be designated as Section 60, reading as follows:

"Section 60. The Legislature shall have the authority to provide by law for the establishment and creation of hospital districts in the counties of this State under such conditions as the Legislature may fix by law, and to this State support of said districts by a tax on the ad valorem properties situated in said counties; providing, however, that before any such district shall be created it shall be approved by a vote of the people in said district."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electorate of the State at an election to be held on the second Tuesday in November, 1949, at which election all ballots shall have printed thereon (or in counties using voting machines the

said machines shall provide for) the following:

"FOR The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts"; and

"AGAINST The Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the establishment and creation of hospital districts."

Each voter shall mark out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment, and if it shall appear from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

Mr. and Mrs. O. B. Mackinson and son, Wallace, of Baton Rouge, Louisiana arrived in Cameron Saturday for a few days visit with Mrs. Mackinson's mother, Mrs. Kathryn Robbins. Before her marriage Mrs. Mackinson was Miss Kathryn Robbins.

Carol Jane Canady And Stinson E. Worley Married Here July 29

First Baptist Church in Cameron was the scene of the wedding of Miss Carol Jane Canady and Stinson Ezell Worley, at eight o'clock in the evening on July 29, 1949.

Rev. William Norton, assisted by Rev. Percy A. Corkern, pastor of First Baptist Church performed the wedding ceremony before an altar banked with southern smilax, white asters and gladioli against a background of woodwardia fern and tall white tapers.

Eli Smith of Lufkin, soloist sang "I Love You Truly", "Because and The Lord's Prayer" and Mrs. Hilton Morgan of Waco read "How Do I Love Thee" by Elizabeth Barrett Browning to a musical accompaniment played by Mrs. Hilliard Thomas of Cameron who also played a prelude of wedding music including traditional wedding marches.

The bride, given in marriage by her father was gown in magnolia satin and a tiered veil of imported illusion which fell to the floor from a tiara of orange blossoms. Her dress was fashioned with fitted bodice and peter pan collar and midriff embroidered with seed pearls. Tiny self covered buttons fastened the gown down the back. The full skirt fell into a cathedral trail and the full length sleeves came to points over the hands. She carried a white Bible topped with white orchids showered with Stephanotis. Her jewelry was a diamond lavalliere belonging to her mother, and carried out the traditional something old, borrowed, blue and a coin in her shoe.

Mrs. Lawrence Smith of Houston attended the bride as matron of honor and Miss Jane Stedman of Cameron and Miss Wanda Slocum of Cresson were bridesmaids, all Baylor classmates and club sisters of the bride. Little Carol Jane Monroe was flower girl.

The matron of honor wore a summer formal of pastel yellow organdy over matching taffeta. The bodice joined the buffant skirt with a rippled peplum and the deep V neckline was edged with a full ruffle of organdy. The bridesmaids wore identical

cal dresses of seafoam green. All attendants carried cascade bouquets of asters in colors to harmonize with their gowns. Their headdresses were flower coronets to match their bouquets.

Joe Roberts of San Antonio served the groom as best man and ushers were: Lawrence Smith of Houston, Jimmy Robinson of Baylor University and Hilton Morgan also of Baylor University. The men wore white dinner coats and black tux trousers.

Following the ceremony a reception was held at the bride's home, at 824 East 13th Street. The bride's table was laid with an heirloom battenberg cloth, and the three-tiered wedding cake topped with miniature bride and groom formed the centerpiece. Crystal and silver candleabra with white tapers adorned the table. Tall baskets of asters and gladioli added to the beauty of the white althea and crepe myrtle hedge which formed a background for the table. 250 guests were registered.

Mrs. Alletha Pace Clear, aunt of the bride of Tulsa, Oklahoma, cut the cake and Mrs. William B. Thorning of Houston was at the punch service.

Mrs. S. B. Compton of Crawford was at the bride's book. Other members of the house party were: Mrs. Bassett Watson of Waco, Miss Virginia McGaughey of Baylor University, Miss Barbara Reed of Temple, Miss Charlotte Childress of Cameron, Miss Anita Jean Blalock of Ardmore, Oklahoma and Mrs. G. O. Blalock also of Ardmore.

For a wedding trip to Texas coastal cities the bride traveled in a suit of imported sharkskin in shades of brown and wore alligator shoes and bag, a brown felt hat, beige gloves and a white orchid corsage.

The bride is the daughter of Mr. and Mrs. C. L. Canady of Cameron. She is a June graduate of Baylor University where she was a member of Athenian Club, Kappa Delta Pi and First Families of Baylor. Mr. Worley is the son of W. A. Worley and Mrs. Jessie Mae Worley of Dallas and graduated from Baylor in March where he was a member of Delta Sigma Pi, Tyron Cotteri and Psi Chi.

The couple will make their home in Grand Prairie, where Mrs. Worley

will teach in the elementary schools while Mr. Worley holds a position with Magnolia Petroleum Company in Dallas.

Out of town guests included: Mr. and Mrs. Bassett Watson, Miss Sallie Moncrief, and Mrs. H. L. Latimer of Waco, Dr. and Mrs. W. B. Thorning and Dr. and Mrs. W. O. Wallace from Houston, Mr. and Mrs. J. D. Pace from Ada, Oklahoma, Mr. and Mrs. S. B. Compton, Miss Jean Allen and Miss Gussie Hickerson from Crawford, Mr. and Mrs. R. H. Jones of Osola, Arkansas, Miss Mary Jo Brown from Liberty, Mrs. Jessie Mae Worley and Mr. and Mrs. M. J. Roberts from Dallas and Miss Minnie Atchley from Harrison, Arkansas.

Lillian Rubac and Norman Glen Haisler Married At Buckholts

The Moravian Brethren Church at Buckholts was the scene for the marriage of Lillian Rubac and Norman Glen Haisler, Sunday, July 31, 1949. The bride is the daughter of Mr. and Mrs. F. J. Rubac of Buckholts and the groom's parents are Mr. and Mrs. W. E. Haisler of Hillsboro, Route 4.

The double ring ceremony was read by Rev. H. E. Beseda before the Church altar which was decorated with baskets of beautiful flowers. Preceding the ceremony, Mrs. Tom Cozby of Hillsboro played a program of wedding music and accompanied Frank Horak who sang, "The Lord's Prayer" and the Buckholts Choir sang, "Bless Be The Tie."

The bride, given in marriage by her father, was gown in slipper satin fashioned with a sheer brocade yoke and sleeves, fitted bodice and full gathered skirt which swept into a graceful train. Her finger-tip veil illusion fell from a coronet of seed pearls. She carried a bouquet of yellow sweetheart rosebuds showered with yellow satin streamers. For something old she wore her mother's gold wedding ring.

Matron of honor was Mrs. Hailes of Dallas and bridesmaids were, Betty Jane Jones, cousin of the bride and Bobby Jean Rubac, sister of the bride. All wore white formal with white carnations in their hair.

Johnny E. Kosik, brother-in-law of the groom served as best man, and Billy Haisler and Franklin Rubac, brothers of the bride and groom were ushers.

Patricia Jones was flower girl and wore a dress like the bride's. She carried a colonial bouquet of pink carnations with pink satin streamers. Lynwood Rubac, brother of the bride was ring bearer. Candles were lighted by Denson Rubac, brother of the bride.

The bride's mother wore an orchid dress and the groom's mother was dressed in light blue. Both wore corsages of white carnations.

Immediately following the ceremony a supper was served to the wedding party and close relatives.

For travel the bride chose a brown two-piece dress with which she wore white accessories and a corsage of white carnations.

The couple are making their home in Austin.

Pottery Shower For Carol Jane Canady Bride-Elect Here

A pottery shower honoring Miss Carol Jane Canady, bride-elect of Stinson Ezell Worley was the courtesy extended by Mrs. Ernest Burkes and Mrs. Ruth Rossion on Tuesday morning at the Burke's home.

Miss Susan Rossion rendered wedding music as the honoree arrived and was escorted by Mrs. Rossion to a table laden with gifts. After opening the gifts a series of contests featured the entertainment for the gathering.

The home was beautifully decorated with lemon yellow marigolds which carried out the bridal theme of yellow and green.

A dainty refreshment course consisting of fresh peach halves with cream, ritz with spread, olives, green grapes, cookies and minted lemon drinks were served.

The following guests enjoyed the occasion: Mrs. C. L. Canady, mother of the honoree, Pat O'Neil, Patsy Esslinger, Mrs. L. G. Smith, Anita Dusek, Mary Neil McClellan, Martha Black, Hortense Nabours, and Mrs. Warren Brashear. Two out-of-town guests, Mrs. Charles King of Tyler and Miss Minnie Atchley from Arkansas were present.

Beta Sigma Phi Enjoys Melon Party

Members of the Beta Sigma Phi enjoyed a watermelon feast at Wilson-Ledbetter Park Thursday afternoon with the following present Mesdames W. A. Morrison, R. L. Terry, Dean White, Wilson Killen, Felix Matula, Smith Schulser, James Brock, A. L. Raymond and Chas. C. Smith, Jr.

Arrangements have been made for the group to meet regularly during the winter months and one social during the summer.

Mrs. Hilliard Thomas Hostess At Tea For Recent Bride Here

A tea, honoring Mrs. Stenson Ezell Worley recent bride was the occasion when Mrs. Hilliard Thomas entertained at her home in the Country Club addition on Wednesday.

The home was beautiful with arrangements of lovely marigolds placed at vantage points. A large bowl of asters adorned the dining table.

In the receiving line were: Mrs. Thomas, Mrs. C. L. Canady, Miss Aetna Smith, Miss Charlotte Childress and the honoree. Members of the house party were gown in evening wear and were Misses Martha Black, Mary Neil McClellan, Patsy Esslinger, Margaret Horstmann, Anita Dusek and Mrs. Lucille Monroe and Mrs. L. G. Smith.

Mrs. Thomas was assisted by Mrs. Frank Monroe and Mrs. Rush Thomas in serving iced punch, cake squares and salted nuts. Approximately 165 guests were present.

Miss Jessie Harper Bride Elect Honored With Kitchen Shower

Miss Jessie Harper, daughter of Mr. and Mrs. A. L. Harper bride elect of Bobbie Owens, son of Mr. and Mrs. Jack Owens was complimented with a kitchen shower at the home of Mrs. E. J. Burkes on Thursday evening at 8:00 o'clock.

Potted plants, Caladium and varied colored zenias formed the decoration. A series of contests was enjoyed and prizes won were presented to the honoree.

Gifts were presented to the bride from a huge wedding bell.

Guests for the occasion were: Mrs. A. L. Harper, Jessie Harper, Mrs. Glenn Cummings, Mrs. Ray Green, Mrs. H. H. Chamberlain, Mrs. W. E. Chamberlain, Mrs. L. C. Boyd, Mrs. Helen Ruth Chambers, Fay Rummel Mrs. Eugene Mees, Dick Depew, Mrs. W. E. Kuehl, Imogene Steele, Mrs. E. P. Werner, Mrs. Jack Owens, Lois and Mary Randolph. Mrs. Monroe Hickman, Mrs. James Brock, Mrs. Max Howard, and Miss Minnie Atchley of Arkansas.

Mrs. Burkes served a delicious refreshment course of Ice cream and cookies.

Mrs. Stenson Worley Bride of Week Is Honored At Shower

Mrs. Stenson Worley, recent bride was honored with a kitchen shower on Thursday, with Mrs. Jim Kemp and Mrs. Minnie Atchley as hostesses at the Kemp home.

Arrangements of lovely rose glads decorated the living room and vases of pink zenias were used in the other rooms. Coleus and marigolds formed a center piece for the damask covered table.

Miss Lucille Dickard of Austin registered the guests in the bride's book.

Mrs. Albert McCullin and Mrs. Emory Camp served bottle drinks.

Mrs. John B. Henderson invited the guests into the dining room where the hostesses served an attractive plate consisting of open-face sandwiches and cookies. Lovely gifts in a bell shaped box were presented to the bride along with a favorite recipe from each guest.

Out of town guests who attended the occasion were: Mrs. Mike Coleman of Gallup, New Mexico, Miss Minnie Atchley of Harrison, Ark., and Miss Lucille Dickard of Austin.

Mrs. Nick Brennan Hostess At Terrace Supper Wednesday

Mrs. Nick Brennan of Lexington was hostess Wednesday at the home of her mother, Mrs. A. J. Lewis, at a terrace supper honors Miss Charlotte Childress, bride-elect of James Marcus Wiggs of San Antonio.

Guests for the occasion were the honoree and her mother, Mrs. George Childress, Veronica Michalka, Patsy Esslinger, Edith Walton, Hortense Nabours, Patsy O'Neill, Mrs. Stenson Worley, recent bride, Mrs. L. G. Smith, Mrs. Guy Chandler and Olivia Lehman.

Places for Miss Childress and Mrs. Worley were marked with gifts from the hostess.

Mrs. Lewis and Misses Martha Nell, and Lynn Lewis and Jo Ann McLane assisted in serving.

Mr. and Mrs. A. L. Gooden of Oklahoma visited her mother, Mrs. Ruby Small and other relatives over the week end. Mr. Gooden is employed with the Patterson-Ballard Oil Co., in Oklahoma and is on vacation.

Mr. and Mrs. Joe Ruzicka and children of Freeport visited in the children of Freeport visited in the end.

Mr. and Mrs. F. G. Blake, and Mr. and Mrs. M. G. Cox and Miss Mildred Thornton are vacationing in Old Mexico for two weeks.

Mr. and Mrs. Walter Lester spent the past week end in Corpus Christi visiting relatives. Mrs. Lester who is employed by the county Superintendent is on vacation.

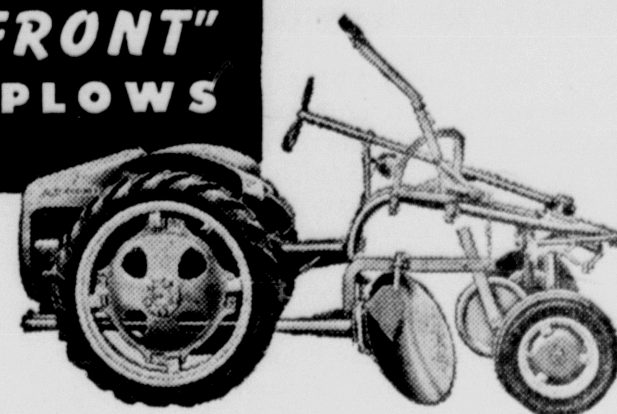

Mr. and Mrs. Adrian Fikes and children of Waco visited Mr. and Mrs. Nathan Reynolds and Mr. and Mrs. Lee Claxton this week.

Mr. and Mrs. Jack Newton of Houston were expected to be week end visitors in the home of her mother, Mrs. Kathryn Robbins. Before her marriage Mrs. Newton was Miss Lois Robbins.

Mrs. Rhom Carr of Gainesville and Mrs. Bess Wright of Dallas have been visiting in the home of Mrs. E. H. McIntosh who has been quite ill for several months. Friends will be glad to know that Mrs. McIntosh is improving rapidly and hopes to be out soon.

Elizabeth Schmidt of Cameron has accepted a teaching position in the elementary school in Runge, Dr. Pat Norwood, head of the Teacher Placement Bureau at Southwest Texas State Teachers College, announced this week.

NEW MODEL G "UP FRONT" DISC PLOWS

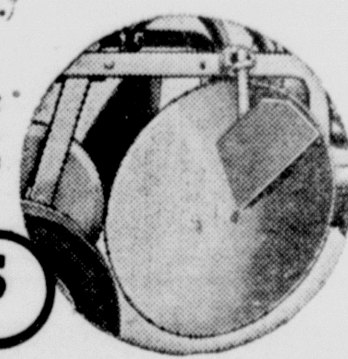

ONE-WAY OR TWO-WAY

Look at this new motorized plowing outfit. Rear-engine design gives you clear vision and extra traction. Notice these advantages:

- Blade rotates on heavy-duty anti-friction bearing.
- Push tube design gives excellent penetration.
- Close-coupled for easy control.
- Big 24-inch disc cuts 9-inch furrow slice.
- Accurate control of plowing depth.

Ask us to demonstrate either the one-way or the two-way model on your farm.

Two-way plow is ideal for plowing in small fields and on hillsides. Turns all furrows uphill — saves moisture, reduces erosion.

From where I sit... by Joe Marsh

Specs And I See Eye To Eye

Asked Specs Allen to go hunting last week. Known him all my life, so I wasn't surprised when he showed up with no gun. Specs doesn't like to kill anything.

Couldn't ask for a better hunting companion, though. We tramp around the woods, and whenever the dogs flush a bird, I blaze away while Specs just watches.

Told him once I was surprised he went along... feeling the way he does about shooting anything. "Well, Joe," he says, "you do what you think is right and I'll stick

to what I think is right. I've no call to dislike you for not seeing everything the way I see it."

From where I sit, open-mindedness is a wonderful quality. There are plenty of things Specs admires that I don't care for. Like his fondness for buttermilk. I'd rather have a glass of beer anytime... but Specs Allen and I don't let little differences get in the way of something big like friendship.

Joe Marsh

TRUMAN ELEVATES TEXAN TO BENCH

WASHINGTON, July 28 — President Truman today chose Attorney General Tom Clark to become a justice of the U. S. Supreme court and Senator J. Howard McGrath of Rhode Island to succeed Clark.

He told a news conference he offered both men the appointments at a private interview this morning.

Clark accepted the nomination, McGrath was expected to accept, though that was not certain. The appointments are subject to senate ratification.

In accepting, Clark said, "It is with humility that I approach it. I hope I am worthy of the honor the President has paid me."

McGrath said he was "highly gratified" that Mr. Truman offered him the post as chief of the Justice department. But he told newsmen he wanted to talk it over with his family over the weekend.

Thus Mr. Truman rewarded two more of the faithful who stood by him during the election campaign last year when many others were giving it up as a hopeless cause.

Before today, his latest cabinet appointment was Louis Johnson, who helped raise hard-to-get funds for the Truman campaign chest, as secretary of defense.

If McGrath accepts he will have to resign from the senate. He also most likely will have to give up the chairmanship of the Democratic national committee.

William M. Boyle, Jr., of Kansas City, Mo., paid executive vice chairman of the national committee since April 21, probably will be a main contender for the chairmanship in that event. Republicans will pick a new chairman here Aug. 4.

The President announced the appointments in a most casual manner and in response to a question near the end of his news conference.

Mr. and Mrs. A. O. Jackson of College Station spent the week end in Cameron visiting Mrs. Oscar Patillo and other relatives.

Emil Vaculin, surgery patient early this week at Newton Memorial Hospital is reported improving.

Mrs. Lena Wise of Maysfield returned to her home after being a patient in Newton Memorial Hospital.

Cooler Weather Is Forecast; Will Be Hot In Cameron

A mass of cool air moving across Texas Sunday brought a blanket of clouds over most of the state and kept temperatures generally cooler than usual.

The United States Weather Bureau in Dallas said the front had passed Central Texas late in the day. But it was warming up rapidly and offered no promise of lasting relief from sweltering heat.

Rain fell in Houston, Bryan, Lufkin and Dallas area, and it was "in the air" at other places.

Temperatures were mostly in the high 80's and low 90's.

A few scattered showers were forecast for the upper East Texas coast and the area west of the Pecos. Partly cloudy skies were expected.

Mr. and Mrs. Raymond Juergens spent their vacation in Corpus Christi, Robstown, Bishop, Taft and other places of interest. They attended the wedding of Miss Annette Juergens at Bonquete.

Claude White of Milano transacted business in Cameron one day this week.

PANHANDLE COOLED BY SLOW MOVING FRONT

A cold air mass had touched along a line with Texas upper Panhandle and Tucumcari, New Mexico and east through Oklahoma and at 8 a. m. Saturday 60 degree temperature was recorded in the area.

Below the line Texas sizzled in 100 degree heat and above with Laredo and Wichita Falls reporting the highest.

There was likelihood that showers might fall in the Cameron area by Sunday. It was cloudy in north Texas and some rain had fallen along the front. Meanwhile look for hot weather. In the Dallas and Fort Worth area it would be around 100 degrees Saturday with cooler Sunday, all depending on whether the cool front dips down and moves in.

If low pressure areas develop north of the front south winds would move in to dissipate the cool air.

A mid-Summer heat wave steamed the Eastern seaboard in record temperatures and humidity Friday, pushing its death toll to 72.

The Philadelphia, Pa., area counted 37 deaths at least partly due to heat during the current hot spell. De-

THE CAMERON HERALD

puty Coroner Matthew A. Roth said it was the highest total for any heat wave there in 10 years.

Newark, N. J., sizzled at 100 degrees, a record for the date and the fourth time this year the thermometer in New York City, topping all earlier marks this Summer and setting a new record for July 29 of any year.

Thousands of offices in the city closed early because of the heat, which has killed four persons in the last two days. The third subway breakdown in a week further plagued New Yorkers. The board of transportation said it was apparently due to the high temperatures.

ANOTHER CORAL SNAKE

E. C. Mowdy of Hanover was in Cameron Thursday and brought along a coral snake he took alive on his farm. The coral snake is becoming more numerous here. They are sometimes confused with the harmless scarlet king. To tell the difference the coral has a black nose, the scarlet king a red nose and black stripes on the coral are wide and on the scarlet king are narrow.

Mr. Mowdy says a coral once bit a puppy at his home and the little dog died within a short time.

Billie Hanes Enrolls At Naval Academy

Midshipman William T. Hanes Jr., USNA, son of Mr. and Mrs. W. T. Hanes of 302 East 23rd St., Cameron has enrolled for the summer indoctrination course at the Naval Academy, Annapolis, Md., with the class of 1953.

Entering the Academy as Midshipman, the future Naval officers receive summer instruction in the fundamentals of Naval life, which consists of infantry drill, small arms training and classes in: sailing, signaling, flying, and other basic Naval subjects.

The midshipmen will begin regular academic courses in the Fall.

Mr. and Mrs. Louis Anderson of New Mexico visited in the home of Mrs. Anderson this week.

Install whole-house heating now!

Easy terms; small down payment; monthly payments may be postponed until October.

Serve! All-Year Gas Air Conditioner

Provides clean, comfortable whole-house heating in winter. In summer, refrigerates air and removes sticky humidity. Operates through ducts and registers from a single unit—with just a flick of a switch. You're sure of satisfaction because of Lone Star's expert engineering and service after the sale. Equipment room or basement space eight feet square accommodates conditioner unit.

Closet-Type Winter Air Conditioner

Big filters clean the air. Large capacity, low speed blower circulates the air through ducts and registers to every room. Automatic control keeps air at the temperature you select, giving you added convenience, health protection and fuel savings. No basement or special room necessary; small closet accommodates unit.

Space-Saving Forced Air Furnace

This furnace brings forced-air-circulation heating comfort to large homes and to ranch style homes where installation space is limited. Space-saving furnace has low speed blower which circulates clean, active warm air through ducts and registers to every room. Automatically controlled.

Avoid Delay Avoid Discomfort Avoid Inconvenience

... which would occur if you wait until winter to have equipment installed

Lone Star Gas Company heating specialists are ready to plan and execute installation of whole-house heating equipment.

FIREMEN ASK PEOPLE TO CO-OPERATE ON FIRES

Cameron Volunteer Firemen are going to render an outstanding service to the people again this year.

They are going to burn all grass and weeds on vacant lots, in the entire town and ask the co-operation of the property owners.

Fire Chief Ralph Michalka and Fire Marshal John Eanes, requested this newspaper Wednesday to make an appeal for co-operation.

On Monday, Tuesday, Wednesday and Thursday of next week, August 8, 9, 10 and 11 the firemen will burn grass on vacant lots from 1 to 6 p. m.

If you have lots to be burned free of grass you are to call Phone 66 and ask for Frank Richter, driver of the trucks. You are to give your name and your street address so the firemen will know where to go.

You are not to call Phone 64 for that is the number to call when a fire alarm is made. The alarm sounds at the business address of Chief Michalka and others and they would not know the difference should you call the wrong number. Call Phone 66.

The firemen ask that you list your lots. They want to burn off these lots and reduce fire hazards. Every time a fire alarm is sounded there is potential danger. Help the firemen eliminate grass fires this summer and fall by co-operating with them so they can go out and do the work systematically and under normal conditions. They will supervise the fire and do a good job. It is too little to ask that you co-operate, so let's all join in and do everything possible for the Firemen.

Mrs. Willie Falkner Returns To Duties With Telephone Co.

Mrs. Willie Falkner who has been ill for the past six months and a patient at Newton Memorial Hospital where she was dangerously ill for four months has returned to her duties at Southwestern Bell Telephone Company.

Mrs. Falkner is Senior Operator at the Telephone office and her many friends have greatly missed her and will be glad to know that she is able to return to her work with the company.

Phone your news items to 282.

To Be Married

MYRTLE JEAN CRAWFORD

Mr. and Mrs. T. A. Crawford of East Second Street announced today the engagement and approaching marriage of their daughter, Myrtle Jean, to Mr. William Allen Muller, son of Mrs. Margaret T. Muller and the late Jack A. Muller of Balboa, Canal Zone.

Miss Crawford attended Yoe High school and graduated with the class of 1947. She is at present an employee of Southwestern Bell Telephone Company in Cameron.

Mr. Muller attended Canal Zone schools and was a graduate of Balboa High School in May 1946, and the Canal Zone Junior College in June 1949. He also attended the University of Texas in Austin from September 1947, to January 1949. He is now an employee of the Electrical Division of the Panama Canal.

Miss Crawford will leave from Houston by plane for the Canal Zone on August 26th. The wedding will take place on September 10th in Balboa.

Robert Sloan Ryan of Houston who underwent an emergency appendectomy at Methodist Hospital last Thursday night is resting well. Friends will be glad to know he is out of danger and will soon be able to return to his home. Mr. and Mrs. Ryan and young son, Johnnie recently moved into their new home on Brockley Lane in that City. The Ryans look forward to the Cameron Herald each week and enjoy reading news from their friends.

Clara Slaughter of Cameron is a medical patient in Newton Memorial Hospital.

52 DEGREES RECORDED IN TEXAS PANHANDLE

There was a tang of fall in the air Wednesday morning as lower temperatures were made by a cool front moving into the Cameron area from the Texas Panhandle late Tuesday.

Early Wednesday the wind was 17 miles per hour out of the northwest in Fort Worth and the temperature low as 52 degrees in the Lubbock area.

At no place in the state did temperatures reach 90 degrees. Showers were forecast for some portions of east Texas. Light rains were falling early today back of the front in the plains counties and Wichita Falls, usually the hot spot of the north section, was in the rain belt and it was around 60 degrees there.

The spell will be short lived. By Thursday it will be much warmer over this area. Cloudy skies were keeping the red hot sun from doing more damage to a parched landscape and to cotton crops.

Indian summer is just 5 weeks ahead, then comes fall and late autumn and winter. Meanwhile stay close to the fan and keep your blood pressure normal.

12 School Districts Hold Elections and Increase Tax Under New School Laws

Twelve school districts in Milam county have held elections to equalize taxes under the Gilmer-Aikin school law.

Under the new law taxes must be equalized and where one district is merged with another district a uniform tax must prevail. There has been some misunderstanding about the tax situation. A district is not required to pay an increase tax unless the same is voted after it joins a district with a greater tax.

Dormant districts with a 50c tax, when merged with an active district with a 75c or \$1.00 tax must pay the same tax as the active district, if and when the same is voted by the whole district.

School districts generally are moving into line under the Gilmer-Aikin bill and are voting the tax. Here are the results from the 12 districts, ten of them common districts, as compiled at the office of Superintendent Chas. M. Hicks:

Salty District No. 14 from 60c to 75c with 10 votes for and 0 against. Watts Switch District No. 39 from 50c to 61c with 20 votes for and 2 against.

Six Mile District No. 41 from 75c to \$1.00 with 10 votes for and 0 against.

Curry District No. 46 from 75c to \$1.00 with 6 votes for and 0 against. Ad Hall District No. 49 from 75c to \$1.00 with 18 for and 6 against.

Buckholts District No. 50 from 75c to \$1.00 with 88 for and 20 against.

North Elm District No. 56 from 50c to 75c with 4 votes for and 1 against.

Ben Arnold District No. 60 from 60c to 75c with 27 votes for and 16 against.

Burlington District No. 60 from 50c to 75c with 22 votes for and 2 votes against.

Sharpe District No. 60 to equalize the tax over the entire district at \$1.00 with 63 votes for and 0 against.

Gause Independent District held an election on August 1 to increase the tax from 75c to \$1.00 with 45 votes for and 14 votes against.

Milano Independent School District held its election in the middle of July to increase the tax from 90c to \$1.50 and the vote was 108 for and 17 against. The district held an election last Saturday to equalize the tax after having absorbed Pin Oak District. The Milano schools have the largest maintenance tax in the county a total of \$1.20.

Neighbors Here Help Family Who Lost All In Fire Here Sunday

Neighbors and friends are demonstrating the usual form of sympathy with a family who lost everything they had in a fire Sunday.

Oran Martin and family living in the residence on North Fannin that was completely destroyed by fire, lost all their household goods and personal effects as well as clothing and the people here are helping.

Sheriff Carl C. Black telephoned this newspaper Tuesday to request that it be known that money and clothing and household goods are being received. If you wish to share in this move you may leave your contribution at the office of the sheriff or at The Cameron Herald.

Mrs. Eula Harwell has returned from a pleasant visit in the home of her son, Layne Harwell at Aransas Pass. While there she also visited in the home of Mr. and Mrs. Hruska and other relatives and friends at Corpus Christi.

Former Cameron Residents Hurt In Falfurias Wreck

Mr. and Mrs. V. R. Lamb of Alice, Texas were involved in a car wreck about four weeks ago near Falfurias.

Seriously injured were: Mrs. Lamb, with a broken pelvis and leg, Bobby Carl age 5, with a sprained neck and broken leg and Sharon Annette age 18 months is still in a semi-conscious condition at a Corpus Christi hospital.

Mrs. Lamb will be in a cast for at least four months and Bobby about two months. Mrs. Lamb will be remembered in Cameron as the former Doris Fikes, the daughter of Mr. and Mrs. Raymond Fikes.

Mrs. Fikes is with her daughter, at 816 King Street, Alice, and will remain with her until she is able to be up, before returning to her home in Houston. Many get-well cards and good wishes have been received from friends in Cameron which are greatly appreciated.

New Minister At North Central Church Of Christ in Cameron

North Central Church of Christ has a new minister.

He is Rev. W. J. Munick and he has just recently moved to the city. Rev. and Mrs. Munick are located at present in one of the Stalworth apartments.

Sunday will be the second resident Sunday for the new minister and he will be in the pulpit of the local church. Rev. Munick is a native of Paris, Texas. He was educated for the ministry at Harding College at Searcy, Arkansas and also attended Texas Christian University at Fort Worth for some literary courses.

Mr. and Mrs. Fritz Senkel and Mrs. J. J. Meier spent Sunday with Mr. and Mrs. R. W. Meier in Waco. Both Mr. and Mrs. Phipps are employed at the Confederate home in Austin.

Two Injured When Car Misses Trestle

Two persons were injured around 4:30 p. m. Wednesday on the Norman Valley Road between Ad Hall and Tracy.

Harry Edward McGuyer and Eugene Davenport of Rockdale were taken to St. Edwards Hospital in Cameron and were still in the hospital Thursday morning. Both suffered severe cuts and lacerations when their car failed to make the trestle in the bottom north of the river.

Thomas Lagrone, also of Rockdale, riding in the car escaped injury. Patrolman, Jack Gaines investigated and made his report.

Eddie Macal joined his friend, Frankie Feleman at Ennis and they will tour in New Orleans, Chicago and New York.

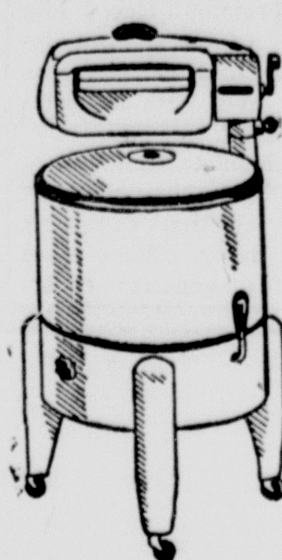

Municipal Pool Will Get Repairs and Will Be Cleaned

Mayor Roy Griffith has given notice to the public that the Municipal Swimming Pool in Wilson-Ledbetter Park has been closed for repairs.

While the pool is being repaired it will be thoroughly cleaned. In order to clean the pool it will have to be drained and that means fresh water will be placed in the pool.

The pool will be re-opened on Wednesday, August 3. This good news will be welcomed by many who enjoy the pool.

Mrs. Florence Tidwell and Miss Jo Tidwell, B. P. Atkinson and Elwood Atkinson visited friends and relatives in Cameron recently.

Ask Your Neighbor

Mr. H. G. Chamberlain, Dairyman on Route 1 west of Cameron, says: "Purina Calf Startena sure raises good calves—it's cheaper than milk. The calves seem to do better—have fewer scours and it's less work."

Above is a picture of Beautena, a 4 month old Jersey heifer, with her owner, H. G. Chamberlain.

Beautena was born February 14 and has been raised in the store here.

CALF STARTENA CUTS COST IN HALF

At 4 months Beautena weighed 270 pounds. Compare this with the average Jersey heifer at 4 months weighing 164 pounds.

Each 100 pounds Purina Calf Startena will save 40 gallons of milk. This is a saving of \$13.40 on each bag of Calf Startena you buy, and you get a bigger better calf.
